Mobile Interactive Meal Planning

So smart, it’s simple.

NutriCafé
Make meals more fun.
Nutri-Café is a low cost solution that can help your district increase school lunch participation, improve the image of nutrition program, and increase speed of your cafeteria lines.

Nutri-Café calculates nutritional values for items in a reimbursable meal, students and parents see the impact of each menu item, helping them ‘build’ nutritional meals and lead healthier lifestyles.

Designed to be simple, with an easy-to-understand user interface, so parents and students will have fun planning meals and learning how selections impact their diet. With visual icons, calendar layouts, allergy filters, and unique features, this mobile application offers a new and exciting way to engage every family in your nutrition program.
